

# KEEPING YOUR CHILDREN SAFE ONLINE ON DESKTOP or MOBILE DEVICES

## EDUCATING YOUR CHILD

This is the most important thing you can do as a parent.

- Keep yourself informed
- Speak to your child about their use of the Internet
- Help them to find suitable sites, games and apps for schoolwork and play
- Set some ground rules about what they can do online
- Ensure they know how to deal with any difficulties they might come across

### ZIP IT

Keep your personal stuff private and think about what you say and do online.

### BLOCK IT

Block people who send nasty messages and don't open unknown links and attachments.

### FLAG IT

Flag up with someone you trust if anything upsets you or if someone asks to meet you offline.

**Think U Know Resources** <https://www.thinkuknow.co.uk/parents/>

This site aims to make online parenting simple, facts for you as a parent and a wealth of video resources to share with your child.

**Childnet** <http://www.childnet.com/parents-and-carers>

Whether you're puzzled by parental controls or would like to know more about gaming, this section can help.

**BBC Stay Safe** <http://www.bbc.co.uk/cbbc/topics/stay-safe>

Great advice, videos and games about online behaviour to explore with your child from familiar BBC programmes and presenters: Tracey Beaker, Horrible Histories and more.

**Common Sense Media** [www.commonsensemedia.org/](http://www.commonsensemedia.org/)

Family friendly ratings and reviews on movies, TV, games, music, websites, and books. Includes ratings of potentially offensive content by category.

**Connect Safely** <http://www.connectsafely.org/guides-2/>

By parents, for parents: A growing selection of short, clearly written guides that demystify apps, services and platforms popular with kids and teenagers, eg Instagram, Snapchat, Facebook. Also guides to online security and cyberbullying, (US site)

## BLOCKING, FILTERING and RESTRICTIONS

School computer systems are designed to protect your child from risks by blocking children's access to unsuitable websites and supervising computer use in the classroom. However no block, filter or parental control tool is 100% effective, and many of the risks that young people face online are because of their own and other's behaviour. Here are some steps you may wish to take to protect them on your family equipment and devices. But remember that your child can access the internet elsewhere and on other devices : at friend's houses, wifi in hotspots, and good education and knowledge about the risks are still vitally important.

N.B A quick web search for "how to get round parental controls on the Internet" brings back about 18 million results!

### FILTERING and PARENTAL CONTROLS

<http://www.saferinternet.org.uk/advice-and-resources/parents-and-carers/parental-controls>

The 4 big internet providers in the UK - BT, Sky, TalkTalk and Virgin Media - provide their customers with free parental controls. Here you can find helpful video guides to help you to download and set-up the controls offered by your provider. There are also details on YouTube Safety Mode, Google SafeSearch, 4OD Parental Control, BBC iPlayer Parental Guidance Lock, ITV Player PIN number protection and Sky Go Parental Controls. It will also point you in the direction of controls on gaming devices.

**ON AN iPad/iPHONE USING BUILT IN RESTRICTION SETTINGS** Restrictions allows you to choose age appropriate content, turn off Safari and YouTube, disable App purchases and In-App purchases etc

### DOWNLOADABLE SAFE BROWSERS ON DESKTOPS

<http://www.kidzui.com/> kid friendly YouTube videos and Games (Windows)

<http://kidoz.net/> for Windows

### ON TABLETS AND SMARTPHONES

There are numerous options available to you for safe browsing on your tablets rather than Safari or Chrome etc which can be disabled in your restrictions.

Mc Gruff <http://www.gomcgruff.com/browser/iPhone-iPad-Child-Safe-Browser.htm> (iOS only)

Olly Browser (free) <http://ollybrowser.com/> (iOS only)

Mobicip <http://www.mobicip.com/products> Device Management & Monitoring ( iOS and Android )

Famigo Sandbox <http://www.famigo.com/sandbox/> (Android)

Kids Place <https://play.google.com/store/apps/details?id=com.kiddoware.kidsplace> (Android)

Parental Controls and Free Time app (Kindle Fire) - see Kindle Store for details
